

# Swedish Glaucoma Society

(Svenska Glaukomklubben)

## Goals:

To promote the exchange of knowledge between Swedish ophthalmologists with interest in glaucoma and glaucoma research. To promote the dissemination and application of scientific knowledge related to glaucoma.

## Membership:

The society is open to Swedish ophthalmologists and ophthalmologists in training. It is also possible for other clinicians or scientists with special research interest in glaucoma to become members.

**Founding date:** 1989

**Number of members:** 153

## Present initiatives:

A scientific meeting is held annually, typically with 70-80 participating members.

## SWEDEN

**Number of inhabitants:** 9 millions

**Number of Universities with an Ophthalmology department:** 6

**Number of Ophthalmologists:** About 600
